New Leadership

After 15 years at Casa Reom, Oliveira Mocuna has stepped down as leader to focus on a new project helping local people in Beira Mozambique. A new interim leadership team has taken over, led by Raimundo Manhisse.

During his visit to Casa Reom last year, Dave MacLellan (Casa Reom Trust chairperson) met with the Oliveira and the national leaders of YWAM Mozambique to discuss plans for the future of Casa Reom. As a trust, we are grateful to Oliveira and his family for all they have given to the project and for keeping us up to date with news, and want to wish him and his family all the best in their new venture.

Building Work

Work on the foundations for the Staff Accommodation Block at Casa Reom is now complete. We are 33% on the way to hitting our target and we urgently need to raise further funds to complete the first floor rooms of the building.

Could you help to organise a fund-raising event?

See casa-reom.org.uk/get-involved for information on how to help. You can also donate directly to the appeal. For up-to-date information on the appeal see casa-reom.org.uk/appeal.

Mid-Year Holiday

Escola Reom is on a two-week holiday before beginning the second term of the school year. The Casa Reom staff appreciate both students and teachers for their dedication to education and learning.

The boys who live at Casa Reom continue to look to the future. As many of them are older, they will soon need to find a new place and the staff are working with social services to make sure they can successfully re-integrate with other families or be supported to live on their own.

Water Aid

Casa Reom continues to serve the local people of Beira. One way it helps is by providing a clean water source for local people, thanks to a local well at the Inhamizua centre which forms part of the Casa Reom water solution.

Recently, when the water company in Beira announced a shortage of water for 3 days, the water supply to many homes was cut off. Casa Reom was able to once again give access to its well for local people.
